LLQP Governance – Structure and Applications

This document aims to highlight how the LLQP Governance Structure provides a framework for processing Stakeholder feedback regarding the program. It illustrates the Governance Structure and then details the process through which LLQP-related suggestions, comments and complaints submitted by individual candidates, Course Providers and Insurance Companies are addressed.

LLQP Governance Structure

The objective of the LLQP Governance Structure is to ensure the program's validity and stability, namely through:

- Consideration of ongoing stakeholder input
- Continuous and proactive Curriculum and exam enhancement
- Clearly defined roles and obligations for all participating jurisdictions
- Stable expert operational management

Governance Structure Application Management of LLQP issues submitted by Stakeholders
